2023-02-19	2130	History	Black West	Premiere	Black West		0	The story of how the West was won has become a powerful myth. Most of its heroes are men. And most of them are white. Black West tells the flip side of the myth, taking us on a whirlwind of wild adventures in which African Americans play the starring roles. In 1875, one in four cowboys was Black. The West also had a good share of Black sheriffs, Black trappers and Black soldiers, as well as Black women. Many African Americans on the frontier forged alliances with Indians, while others became their slaves. All these daring men and women took the risk of seeking adventure in the West to gain their freedom. This film recounts the hardships African Americans faced on the heels of the Civil War, trying to live as free people in a country built on the backs of Black slaves.	FRANCE	English-100	2021					Y

2023-02-21	1100	Culture & Society	Bridges That Built London	New Episode	Westminster Bridge: A New Bridge For A New Nation	01	2	As London and Britain grew wealthier, the pressure for a second bridge became irresistible. This was Westminster Bridge. Rob charts the changes in British life which made this bridge possible - a greater openness to the world (it was designed by a foreigner), and a greater sense of national self-confidence, and power. Building Westminster Bridge meant clearing slums and holding national lotteries to finance it, events which changed the look of London and sparked moral panic. Rob explores the people behind this bridge, from forgotten slum-dwellers to protesters who frequently occupy it today.	UNITED KINGDOM	English-100	2020				Y
