Known as Superbloom, the installation has been three years in the planning and is the most complex operation the Tower has ever undertaken. As the team dig down into the moat there's a rare opportunity for archaeologists to search in the soil for ancient treasures, that have been discarded in the moat decades and centuries ago. They discover remarkable proof of the Tower's rich military history - a fragment of cannon ball, and even a rare find, a syringe that would have been used to inject mercury to treat sexually transmitted diseases in WWI soldiers. 2023-05-17	2130	Politics & Current Affairs	The World According To Kim Jong Un	Premiere World According To Kim Jong Un, The		0	On the eve of the 75th birthday of the Korean People's Army, Kim Jong-un is determined to make the country the world's leading nuclear power. Sweeping aside any possibility of disarmament, the leader rather strengthens his arsenal - by testing its 'monster missile' Hwasong-17. Never has the North Korean nuclear threat been so strong. Why such obsession with nuclear weapons? How seriously should we take this new threat? Is Kim Jong-un as unpredictable as we say, and why does he strive to provoke the entire planet? Here are the questions raised by this investigative documentary, in order to comprehend what is going on north of the 38th parallel, in the despotic world of the North Korean leader. Thanks to archives and unpublished interviews with historians and former diplomats who defected or fought the regime - notably in South Korea and the United States - this film takes us behind the scenes of power. It examines with precision the strategies and geopolitical manipulations operated for seven decades by the Kim dynasty.	FRANCE	English-80; French-20	2022		M			Y
